Experience

Software Developer

Freelance | September 2023 - Present

- As a freelance developer I work with various clients and help them achieve development goals. I have played essential roles in the development of web applications, high-end websites.
- Developing and maintaining the website, front and back-end functionality of the website to produce clean code that follows the design and functional specifications.
- Providing clear documentation and technical support to the end users of each site.

Data Analyst Intern

ShiftDigit | August 2023 - December 2023

- Initiated the reduction in data redundancy by 40%, improving data consistency and integrity.
- Used Power BI tools to visualize data, improving report accessibility resulting in more data-driven decisions.
- Identified and recommended new ways to streamline business processes, saving up to 15% in costs.

Software Developer Intern

HighRadius Corporation (USA) | January 2022 - April 2022

- Developed a Full Stack web app "AI-enabled B2B Invoice Fintech with payment date prediction".
- Developed and integrated ML model and Chatbot along with Analytics in the UI.
- Tech Stack: Java, MySQL, React.JS, Python, Highcharts, Crossfilter, DialogFlow.

Education

JIS University

Bachelor Of Technology | July 2019 - June 2023

Computer Science and Engineering - CGPA - 9.05/10

- Relevant Coursework: Data Structure & Algorithm | Computer Networking | Software Engineering | OOPS | DBMS | Operating System | AI & ML

Ratnakar North Point School

Higher Secondary Education | Percentage - 73%

Ratnakar North Point School

Secondary / Matriculation Education | Percentage - 79%

Skills

Programming Language

Python · Java · JavaScript · C++ · PowerBI

Frontend

HTML · CSS · ReactJS · Bootstrap

Backend

NodeJS · Python · Django · T-SQL · PL/SQL

Others

Docker · Kubernetes · CI/CD · GitHub · Git · AWS · APIs · System Design · MongoDB · SQL Server · REST API · GraphQL

Soft Skills

Problem Solving · Cross-functional Collaboration and Communication · Strong communication

Certificates

Google certified - UX Design 

IBM certified - Full Stack Developer 

IBM certified - Data Analyst 

Google certified - IT Support 

QA Analyst 

UC San Diego - Data Structures and Algorithm 

UC San Diego - OOP with Java 

Projects

- AI-Enabled B2B Invoice with payment date prediction web app (Built for Highradius Corporation)
- Text to Sign language with animation web app
- Covid Tacles – Smart Glass with App
A smart glass connected with app to identify nearby medical services, hospitals and contact family member in emergency
- Netflix Clone
